

## Our group, Our school

Our new project LLLab has just started. LLLab stands for LifeLong Learning for Active Citizenship and Capacity Building.

The webpage of the project is located at <http://www.lilelab.com/default.aspx> There is a long list of objectives of the partnership.

The most visible will be the set of six workshops for the employees or members of partners' organizations.

A dedicated platform for communication between instructors and participants is opened. Up till now we delivered one workshop titled "Making your own Postcard".

**Roses are red,  
violets are blue,  
I love you more,  
than you think  
I do.**

## Our city

In Jelitkowo, especially in winter time, you can meet people swimming in the sea.

When you are looking at them you are frozen.

Why not to join them next year...

## Our country

The most significant event for Poles in February is Olympic Games in Vancouver where several Polish sportsman and sportswoman are fighting for medals.

Adam Malysz is still a number one among Polish sportsmen.

In ski jumping he has achieved everything, winning major trophies and breaking many records.

**In Vancouver Olympic Games he won the silver.**
